

Our Story

Wegman's Nursery has long been a Peninsula tradition, known for the quality of our plants and our knowledgeable staff. Our story began in 1950 when Rudy and Marlis Wegman immigrated to the United States from Switzerland. Ten years later, they opened Wegman's Nursery on Woodside Road where we are still located. Today their son Mark and daughter Heidi manage our family-owned-and-operated business.

Service is the most important component of our business and our nursery staff will readily help you select plants and materials appropriate for your garden. We believe that an informed gardener is a successful one and we feature seasonal monthly tips and plant-care guides on our website. Wegman's Nursery also hosts gardening seminars and special events throughout the year. We invite you to come and garden with us.
